Community Impact

The mission of Great River Faith in Action is to 'Strengthen our communities through Christ like love & service'.

We do this by utilizing volunteers in the community to provide transportation to doctor appointments, grocery stores, assist with light housekeeping, yard work, minor home repairs, respite, yardwork, snow removal and friendly visits.

Through our partnership with our community, in 2024 we served 85 families with furniture through our Furniture 4 Families program delivering beds, couches, kitchen tables, and numerous boxes of household goods. This helped these families get back on their feet again!

In 2024, we coordinated volunteers to help:

- Give 4,433 hours of volunteerism through individual, group & family service
- 30,928 miles of driving to medical appointments and grocery store trips

Thanks to local support, our services are always provided at no cost.
